

Filamatic

Your Specialist in Liquid Filling

Filamatic, a division of National Instrument, LLC, has been serving the pharmaceutical, biotech, healthcare, cosmetic, chemical specialty and food industries since 1950. We provide a wide range of equipment that can be customized to suit your unique application and budget. Filamatic will also partner with you before, during, and after the sale.

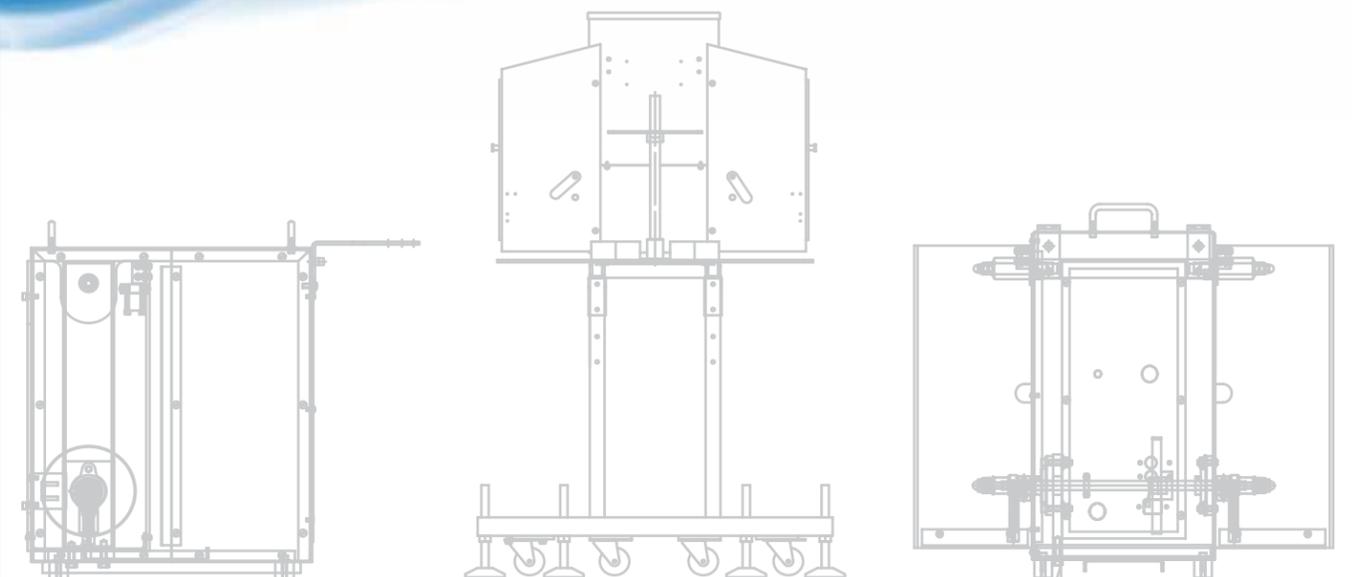

We meet the ever changing demands of our customers by providing reliable liquid filling systems that deliver high value, accuracy, faster changeover, and low total cost of ownership year after year. Today as always, the heart of our business lies in the strong and lasting relationships we enjoy with our customers.

Semi-Automatic Benchtop Filling Systems

Benchtop Features

Finding Your Liquid Filling Solution

Semi-Automatic Benchtop filling machines provide a convenient, accurate, and cost effective solution for your liquid filling needs and applications. They are ideal for start-up companies, R & D departments, small production runs, and budget conscious projects.

- 💧 Accommodates free-flowing, semi-viscous, viscous, molten products, and product with particulates
- 💧 Easy to set-up, operate, clean, and changeover
- 💧 Ideally suited for O.E.M. applications
- 💧 Automation options available
- 💧 Durable stainless steel structure
- 💧 Optional explosion proof, CE mark, and clean room designs available
- 💧 Mix and match pumps and nozzles for optimal versatility and flexibility
- 💧 Modular design with built-in expansion capability for production changes

AB Series Medium Duty Benchtop

Benchtop Metering Systems

Different Products, Different Pumps

The fill rate, container size, and product viscosity are factors that will determine the metering system and filling machine best suited for you.

Filamatic Benchtop machines can accommodate a wide variety of products because our pump selection includes:

- 💧 Piston
- 💧 Peristaltic
- 💧 Gear
- 💧 Lobe

More Choices, More Benefits

up to 1100 mL

AdaptaFil™

One Base Machine with Four Interchangeable Pump Options
Fills mL's to gallons

Built To Order, Built To Last

Building Benchtops for Over 50 Years

Privately held and family owned, Filamatic started building the Semi-Automatic Benchtop machine in 1950. Over the years, our product line has expanded to include fully automated and integrated packaging systems, but our roots remain firmly planted where we began---with our Benchtop machines. Our Benchtop line can accommodate a wide range of products, budgets, production needs and we've earned a reputation for consistently providing robust, reliable equipment.

Proudly built in the U.S.A.
